Offer valid xx/xx to xx/xx. Click to reserve your spot online

Use code: \_\_\_\_\_

### Botox® Injections and Dermal Fillers

BOTOX and dermal fillers are affordable ways to look younger without surgery.

Botox® injections are FDA approved for the temporary removal of forehead wrinkles. Small doses relax the muscles that cause wrinkles.

We have a variety of dermal fillers for simple nonsurgical wrinkle treatments. There is minimal recovery or downtime and the effects are instant. You can easily stop by on the way home from work or the gym and get back to your daily routine.

**Extreme Wellness Spa's** specialists will help you select a procedure and schedule that fits your needs. Call [\(516\) 684-9814](tel:5166849814) or [click to book an Appointment](#).
